Castro June 2011 Report

District Overview

June was an active month in the Castro. With many celebrations, including the annual Gay Pride parade and Pink Saturday, the district has a surge of visitors to the district. Also, many of the local workers and residents were finally getting to enjoy the long awaited sun and pleasant weather.

MAC workers were able to begin removing or painting out graffiti on private properties as soon as the restriction forms for each property came back, signed and ready to go. Surprisingly, there have been a couple of property owners who do not want us to remove graffiti on their lots, but we have received many from the central commercial corridor. Andrew Bryant at MJM and Andrea Aiello are compiling the addresses released from restrictions, and providing these to Bryan, the field supervisor. These are then shared with the MAC workers so that they can begin removing any tags as soon as possible.

MJM provided two MAC workers to assist in the maintenance during the Pink Saturday party again this year. There was quite a crowd late into the night and people seemed to be having a ball! See highlight section below.

The problem with the illegal flyers and posters continues in the Castro. It's a shame because of the untidy appearance the posters and flyers give the neighborhood. The Castro community has historically thought of this as a form of communication that is important to the neighborhood, so enforcement would be problematic. See incidents below.

Castro St.

Meeting Updates

Meeting with the Executive Director

Castro June 2011 Report

7/16/11: Bryan, the field supervisor, met with Andrea Aiello, executive director of the Castro CBD, for the monthly update and information session. The following issues were discussed:

- The Pink Saturday event on June 26. Bryan agreed again to send two MACs to assist in the cleaning and maintenance during the party along Castro St. Also Bryan agreed to help in the after-care of the area Sunday and Monday mornings with a concentration of workers in the main Castro corridor areas.
- Andrea informed us that the volunteer ambassador program that the board has formed will start mid-June on Friday, Saturday and Sunday afternoons. They will wear badges and vests with the Castro CBD logo.
- Andrea continues to receive complaints about flyer and poster removal. Bryan informed her that our workers do not remove many of those. It was agreed a long time ago to make this part of the maintenance a low priority as it is very contentious. Bryan reminded Andrea that it is more the actions of the local residents and merchants than the maintenance crew removing these items.
- Andrea no longer wants any steam cleaning to be done on holidays. She reminded Bryan also that Danny is to not remove the painted pink triangle in between the street car tracks in the Jane Warner Plaza.
- The Harvey Milk Plaza benches will remain for now. The Board voted to not replace them at this time. They will hire a security guard to monitor the transients at both plazas.

Meeting with Staff

6/27/11: Bryan, the field supervisor, held the monthly meeting with the MAC crew in the Castro. The topics discussed were as follows;

- A debriefing of the Pink Saturday evening. The event went well. Gonzalo and Jose worked until 2 am.
- Bryan discussed the history of the Pink Triangle with all crew members to help educate them on the historic value of this emblem.
- Bryan is ordering new banners for the carts.
- The broken Nextel for Herman was repaired and Jose will need a new one.
- "Hot spots" were reviewed: the two plazas, 16th St. behind the Bagdad café, 4127 18th St. and 18th St. between Castro and Diamond, Leticia's restaurant and 282 Noe, laundry front. The issues in these places are mostly generated by transient activity.
- Incident: Jose had a run-in with a poster hanger on Castro St. – an incident and police report was filed.

Castro June 2011 Report

- Properties are beginning to be released from graffiti removal restrictions. The addresses are coming in gradually over time and added to our removal list.

Though we hear that the Trader Joes is not taking the Noe and Market Street property for its use, we are still asking for help finding a new space to be used as a storage shop for the MAC workers as we are still likely to lose the current space at 281 Noe soon. The space will need to be within the Castro CBD boundaries, preferably around Church to Castro street area. Anyone with tips for such a space such a garage or storefront should contact Andrea at the Castro Board or MJM at 415.477.2600.

Highlights

June 1-5, 2011:

Round 2 of 2011 steam cleaning continued into June, with the six week cycle. The area should be in good shape for all the Pride festivities coming up shortly. The third round of steam cleaning for the year will start July 9 on Saturday as we hit the busy 400 block of Castro St. before the street becomes too active midday. We strive to keep the district looking great for the high tourist season in San Francisco. The district field supervisor and senior operations manager continue to work with the CBD executive director to establish a schedule for the four yearly steam cleanings that will maximize their impact.

18th St. at Castro Streets, and down towards Hartford Street

June 3, 2011:

As the unusual wet weather continued into June, weeds continued to thrive in sidewalk cracks and around tree wells. Our MAC workers continued the weeding and other tree well cleaning, removing weeds, debris and, occasionally, drug paraphernalia. A sample of the work is below:

Castro June 2011 Report

280 Noe St. Café Flores

After

June 12, 2011:

The Castro board has begun the summer music series in the Castro. Below are pictures of the concert series at the Jane Warner Plaza:

June 14, 2011:

Bryan, the field supervisor and Castro CBD manager, received a fairly large order of the paint requisitioned a couple months back, including the main colors used by the City. Because the paints are an exact match, this will enable us to keep the Castro CBD looking nice. An example of the work is below:

Castro June 2011 Report

18th St. & Castro -6/8

Painted with DPW's
"Garbage Can Green"

June 25, 2011: Pink Saturday:

The annual Pink Saturday celebration ending a week of gay Pride events in the Castro, and in advance of the Pride Parade, was a rollicking good time had by all who participated. Once again, MAC workers were on hand to provide cleanup, and stayed until 2:00 a.m., when most of the revelers went home. Below are pictures of the event, which closed down Castro and Market Streets.

Notable Incidents

June 1, 2011:

Even with the temporary restriction of removal of graffiti on those private properties for which we don't have permission forms, much of the graffiti to address is on City Property, including light poles, utility boxes, mail boxes and hydrants. Pictures of the MAC team's effort follow;

Poles: 1900 Market

May 1-14, 2011:

The transient population continues to be a challenge in the Castro. MAC workers have documented many instances of camping, trespassing and camping debris left behind. We do clean up any camping sites that we see, and contact the City to do the appropriate outreach. The “rummaging” of the garbage receptacles adds to our cleaning and maintenance duties in the CBD. Below are some of the instances reported in June.

Castro June 2011 Report

June 6, 2011:

Occasionally we are finding different forms of vandalism in the Castro. In June, workers discovered a broken plant container at the Jane Warner Plaza. We are reporting these items to either the City's 311 system, or to the appropriate agency to deal with the repairs/replacement of damaged items.

Broken Planter, Jane Warner Plaza

May 5-12, 2011:

The trend found throughout the City of illegal dumping has continued to be a huge issue in the Castro District as well. As shown in the photos below, many household items, trash and shipping debris have ended up on the area's sidewalks. MJM continues its efforts to communicate our findings with DPW, who have started a campaign to help end the dumping focusing on the Southeast Corner of the City. Management has been in conversation with the campaign's manager, and we are hoping to meet with DPW to see how we can assist in expanding this campaign to other areas of the City, including the Castro District. Despite the increase, our team continues to note any illegal dumping, clean up what they are able, and report these items to the City's 311 line for pick-up within 72 hours. At any time that we can stress the need for faster service with 311, we do.

June 15, 2011:

Jose, our MAC worker who handles the main Castro corridor, had an incident with a poster hanger assaulting him for allegedly taking down the newly hung illegal flyers. It turns out that a resident from the block ran out and removed them, not Jose. Jose filed an incident report as well as a police report. Fortunately, some of this occurrence was witnessed by a business manager near the scene.

June 16, 2011:

The MAC workers followed up on a dispatch call to address spilled oil, and were able to remove the oil stain and clean the sidewalk, making it safer and cleaner for pedestrians.

1815 Market

spot cleaned

June 26-27:

We ran across a series of sidewalk chalk tags, probably done by excited party goers from the Pride/Pink Saturday events, and removed them from the sidewalks. Again, we left the pink triangle in the plaza throughout the weekend. As with the posters and flyers, we try to be sensitive to the community while maintaining the district as a premiere destination for visitors and residents alike.
